ADDITIONAL PHOTOS

Your world doesn't run without fuel. The Boss Fuel Tank Trailers deliver, anywhere, anytime. Our trailers are designed to work seamlessly as part of your farm fleet. Each fully welded steel tank, inside and out, includes a baffle system to prevent highway sloshing. Leaf spring suspension, axles and radial tires keep your tank trailer steady on nearly any terrain. With an adjustable coupler and a drop leg jack, hook up is quick and easy. Your Boss Fuel Trailer is a complete, self-contained fueling system built with you in mind.
